1. The booklet contains the following tests:
 Test I - English Language
 Test II - Quantitative Aptitude
 Test III - Reasoning
2. You will be given an opportunity to attempt all the three tests. The tests are not necessarily taken in the order mentioned. You may distribute the time as you please but remember that to qualify in the written test as a whole you have to qualify in each of the three tests separately.
3. Tests of Reasoning and Quantitative Aptitude are printed in both Hindi and English. The Hindi version is printed on the left hand side page and the English version on the right hand side page.
4. There will be penalty for wrong answers marked by you. For each question for which a wrong answer has been given by you, one-fourth (0.25) of the marks assigned to that question will be deducted as penalty.
5. Rough work, if you want to do any, is to be done in the booklet itself and not on the answer-sheet. For this purpose use the empty space in the margin or separate sheet you find in the booklet. Do not use any other paper.
6. Indicate your answers on the separate answer-sheet given at the end of the booklet, using OMR Pencils. Follow the instructions given on the answer-sheet for indicating your answers.
7. Your answer-sheet contains spaces for answering 100 questions. Use 100 answer spaces for answering the 100 questions given in the booklet.
8. Do not open the booklet until you are told to do so. When the instruction for opening the booklet is given, do not try to remove the cover sheets at the left. Insert the blank end of your pencil under the sheets and see it to open the booklet.
9. Immediately after opening the booklet, verify that all the pages containing questions from 1 to 100 are properly printed in your booklet and then begin answering the test. In case the booklet is defective get it replaced by another test booklet.
